Proper warranty registration must be completed within 30 days of the original installation date to validate the product warranty. In the event that proper registration has not been completed, the warranty shall begin from the factory ship date or the distributor sold date, whichever is available. The owner/user is responsible to provide valid proof of installation if the unit is installed more than 180 days from the current registration start date. The labor warranty shall include standard straight time labor charges at the product location only and shall exclude charges for travel time, mileage or other premium charges. Any labor service required to fulfill the warranty obligation must be performed by the local Hoshizaki distributor or a service agency qualified and accepted by the local Hoshizaki distributor.

* External electrical power failure or miswiring to Product for any reason.
* Adverse operating conditions as set forth in the owner/user manual for the Product.
* External drain line malfunction as set forth in the owner/user manual for the Product.
* Failure to clean and/or maintain product as set forth in the owner/user manual for the Product.

All claims for labor or parts must be made through the local Hoshizaki distributor. The defective part for which labor reimbursement is claimed, together with the service invoice, must be returned to the Hoshizaki distributor within fifteen days from date of service to be eligible for labor and parts warranty coverage. All replacement parts must be approved Hoshizaki parts. Incidents of failure that do not require the replacement of a part shall be explained in sufficient detail on the service invoice to identify the failure. All claims shall include the product model number, serial number, original date of installation and customer identification.

The foregoing warranty shall not apply to (1) any part or assembly (a) that has been altered, modified, or changed, (b) that has been subjected to misuse, abuse, neglect or accidents, or (c) on which the serial or model number has been removed or altered, or (2) any Product that has been installed and/or maintained inconsistent with Hoshizaki's technical publications, or (3) any Product that has been installed or is located outside the standard warranty coverage area.
